Lockington Little Lights

COMPLIANCE

Throughout the time that your child is at Lockington CE VC Primary School and Lockington Little Lights Nursery, the following will apply:

- Photographs may be taken and used for displays in school, on the school website, the school's virtual learning environment and on the social media sites. Only children's forenames will be used, never a surname.
- Staff will video and take audio recordings of children for evidence of their progress. We may also make promotional videos from time to time.
- Children will take part in Educational visits in and around the vicinity. These may include visits to the local church and learning walks around the local environment.
- Children will use computers and iPads to enhance their learning. We will always promote safe use of the internet and e-safety in school.
- Occasionally as part of a broad and varied curriculum, children will prepare, cook and eat food in lessons. If your child has an allergy to any food produce, you must let the school know in writing.
- During the year, parents/carers often send in treats of cake/buns/sweets on occasions like birthdays. This is also done for fundraising days and we are not able to provide information about what these products contain (although we do insist on no nuts or nut products in school).
- Children in the nursery will have access to various pieces of fruit and vegetables daily as part of the Government School Fruit and Vegetable Scheme if they wish to have it.

More information regarding the Privacy Policy is available on the school website.

If you have an issue with any of the above information and wish to discuss anything further, please contact the school office.

Please sign the consent below to say you agree with the above compliance agreement and return to the school office.
